Questions?

June 7, 2002

Joint EDG-ECHO Development & Operations Workshop

EDG/ECS Maintenance

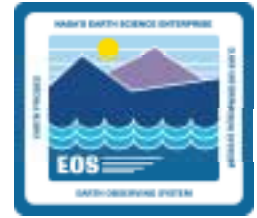

Seamless User Registration

- ECSed 32315 “SUR MSS GUI Tabs Should be renamed”
 - ORGANIZATION fields truncated - fixed
 - ECS recommendation is to not implement Shipping & Billing email addresses.
 - » Do any data centers currently utilize multiple email addresses on orders?
- ECSed 32328 “Remove Create Profile from MSS GUI”
 - SUR profile creation will not be added to the SMC GUI
 - Create function will be retained by SMC GUI
 - » Warning message will be added -- profiles created at SMC are not usable as EDG logins

Joint EDG-ECHO Development & Operations Workshop

EDG/ECS New Functionality

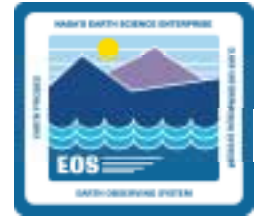

Media Guidance Enhancements

- **Maximum Media Capacity**
 - Filters media options based on granule size
 - Electronic distribution is not filtered
- **Maximum Request Size**
 - User feedback on orders which exceed a DAAC configurable maximum in MB or number of granules
 - User will be directed to edit shopping cart contents
- Supported in EDG 3.4
